

## Safety Data Sheet

### 1. Product and company identification

Product name : Dysprosium nitrate pentahydrate, 3N5  
 Name of manufacturer : KANTO CHEMICAL CO., INC.  
 Address : 2-1, Nihonbashi, Muromachi 2-Chome, Chuo-Ku, Tokyo, 103-0022, Japan  
 Name of section : Reagent division, catalog and products information section  
 Telephone number : +81-3-6214-1090  
 Facsimile number : +81-3-3241-1047  
 Mail address : BC32@gms.kanto.co.jp  
 SDS No. : 11342

### 2. Summary of danger and Hazard

#### GHS classification

##### Physical and chemical hazard

Explosives : Out of category  
 Flammable solids : Out of category  
 Pyrophoric solids : Out of category  
 Self-heating substances and mixtures : Out of category  
 Oxidizing solids : Category 3

##### Human health hazard

Skin corrosion · Irritation : Category 2  
 Serious eye damage · Eye irritation : Category 2A

#### Pictogram or symbol

Signal word : Warning

Hazard statement : May intensify fire : oxidizer  
Causes skin irritation  
Causes serious eye irritation

#### Cautions

Safety measurements : Keep away from heat.  
 Keep away from combustible substances.  
 Wear appropriate protective gloves, glasses, clothing, face shield, or mask.  
 Wash protective equipment thoroughly after use.  
 First-aid measures : If in eyes : Rinse cautiously with water for several minutes. Get medical treatment.

If on skin : Remove contaminated clothing and the substance. If skin irritation occurs, get medical treatment.

Wash hands thoroughly after handling.

Storage : Keep away from combustible substances.

Disposal : Dispose of contents and containers appropriately in accordance with related regulations.

### 3. Composition/Information on ingredients

Substance/Mixture : Substance

Chemical name or commercial name : Dysprosium nitrate pentahydrate

Ingredients and composition : Dysprosium nitrate pentahydrate min. 99.95%

Chemical formula : Dy (NO<sub>3</sub>)<sub>3</sub> · 5H<sub>2</sub>O

CAS No. : 10031-49-9

TSCA Inventory : Not registered

EINECS No. : 2334105

Dangerous and hazardous ingredients : Dysprosium nitrate pentahydrate

### 4. First aid measures

Inhalation : Remove the victim to fresh air, and make him blow his nose and gargle.

Skin contact : Wash the affected areas under running water.

Eye contact : Wash the affected areas under running water for at least 15 minutes. Get medical treatment.

Ingestion : Give the victim water or salt water and induce vomiting. If necessary, get medical attention.

### 5. Fire fighting measures

Extinguishing media : This product is noncombustible.

Prohibited extinguishing media

: None

Particular fire fighting : Move containers from fire area if it can be done without risk, if not possible, apply water from a safe distance to cool and protect surrounding area.

### 6. Accidental release measures

Cautions for personnel : Wear proper equipment and avoid contact with skin and inhalation of dust. Keep away personnel except for authorized ones from spillage area by stretching ropes.

Cautions for environment : Attention should be given not to cause damage to the environment by flowing of spillage to rivers. In case of the dilution of copious water, do not cause damage to the environment by untreated wastewater.

Removal measure : Sweep up in a chemical waste container. Flush residual area with copious amounts of water.

### 7. Cautions of handling and storage

Handling

Engineering measures : Wear proper protective equipment not to contact with skin or inhale the dust. Do not mixed with combustible substances like organic compounds, sulfur, phosphorous.

#### Storage

##### Adequate storage condition

: Store in a dark, cool place and tightly closed.  
Keep away from combustible substances.

##### Safety adequate container materials

: Glass, polyethylene, polypropylene

#### 8. Exposure control/Personal protection

Engineering measures : Install a local ventilation system under dusty condition.

##### Control parameters

ACGIH(2009) : Not established

##### Protective equipment

###### Respiration protective equipment

: If necessary, wear dust mask

###### Hands protective equipment

: Impervious protective gloves

###### Eyes protective equipment

: Safety goggles

#### 9. Physical and chemical properties

Appearance : Crystal

Color : Light yellow

Odor : Odorless

Boiling point : Decomposition

Melting point : 88. 6°C

Flash point : Noncombustible

Specific gravity : Not available

##### Solubility

Solubility in solvents : Water ; Readily soluble

Organic solvents ; Easily soluble in ethanol

#### 10. Stability and reactivity

Stability : Stable under normal usage.

Reactivity : The mixture with powdery combustible materials may cause ignite vigorously or explode by heating or shock.  
May react with reducing substances.

Incompatible materials : Reducing substances, combustible materials

##### Hazardous decomposition products

: Nitrogen oxides

#### 11. Toxicological information

Acute toxicity : Oral : Not possible to classify because of insufficient data.

Dermal : Not possible to classify because of insufficient data.

Inhalation(vapor) : Not possible to classify because of insufficient data.

Inhalation(dust, mist) : Not possible to classify because of insufficient data.

Skin corrosiveness : Causes skin irritation(category 2)  
Since causes irritation to the skin, it was classified into category 2.

Irritation to skin, eyes : Causes serious eye irritation(category 2A)  
Since causes irritation to the eyes, it was classified into category 2A.

Respiratory sensitization or Skin sensitization

: Respiratory sensitization : Not possible to classify because of insufficient data.

Skin sensitization : Not possible to classify because of insufficient data.

Mutagenicity : Not possible to classify because of insufficient data.

Carcinogenic effects : Not possible to classify because of insufficient data

Effects on the reproductive system

: Not possible to classify because of insufficient data.

Specific target organ systemic toxicity single exposure

: Not possible to classify because of insufficient data.

If swallowed large amount, may cause blood pressure lowering, methemoglobinemia, headache, dizziness. However, it is not possible to classify because of insufficient data.

Specific target organ systemic toxicity repeated exposure

: Not possible to classify because of insufficient data.

Aspiration hazard : Not possible to classify because of insufficient data.

## 12. Ecological information

Ecotoxicity

Fish toxicity : Acute aquatic toxicity : Not possible to classify because of insufficient data.

Chronic aquatic toxicity : Not possible to classify because of insufficient data.

Rediualbility and degradability

: Not available

Ecorediualbility : Not available

## 13. Disposal consideration

Residual disposal : Dilute with copious water and adjust the pH of the solution, after that flush in drains. Unsolved substances are buried in a landfill site approved for the disposal of chemical and hazardous wastes. Or entrust approved waste disposal companies with the disposal.

Containers : In case of disposal of empty bottles, dispose bottles after removing the content thoroughly.

## 14. Transport information

UN class : Class 5.1(Oxidizing substances) P. G. III

UN number : 1477

Marine regulation information

UN No. : 1477

Proper shipping name : NITRATES, INORGANIC, N.O.S.

Class : 5.1

Sub risk : -

Packing group : III

Marine pollutant : Not applicable

Aviation regulation information

UN No. : 1477

Proper shipping name : Nitrates, inorganic, n.o.s.

Class : 5.1

Sub risk : -

Packing group : III

15. Regulatory information

Ensure this material in compliance with federal requirements and ensure conformity to local regulations.
